Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Brain Tonic. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

BURDENSOME TAXES

What the People of Cuba Have Had to Pay For the Year 1898.

INTERESTING STATISTICS

Showing the Revenues Collected and Expended by the Spaniards—Millions of Dollars Will be Saved Upon the Assumption of Control by the United States.

Washington, Nov. 15.—Some very interesting figures regarding the receipts and expenditures of the island of Cuba have been sent to Washington by officers of the Cuban military commission, who have made a careful examination of Cuban finances, showing the receipts and expenditures of the island under Spanish rule and also estimates of what will occur when the United States takes control of the island. Among the principle items of receipts in the estimate for the year 1898 are the following:

From taxes on real estate, income tax, liquor licenses and other internal revenue taxes, \$6,142,500; import and export duties and other incomes from the custom houses, \$14,705,000; stamp paper and stamps of all kinds, \$1,640,650; from lotteries, \$1,900,500; sales of effects of the state, \$435,000; from other sources, \$1,536,000, making a total of \$26,559,650. The expenses are given as follows:

For the local government (autonomous) as follows: General obligations, \$139,605; department of grace, justice and government, \$1,612,859; department of the treasury, \$708,978; department of public instruction, \$247,083; department of public works and communications, \$1,086,582; department of agriculture, industry and commerce, \$108,178; making a total of \$26,374,055.

It is estimated that upon the assumption of control of Cuba by the United States expenses now incurred each year under Spanish sovereignty will cease, namely: Civil, military and other pensions, \$229,700; the retired list of the army and navy, \$1,450,881; interest and amortization of the debts created in 1882, 1886 and 1890, \$10,435,183; for expenses of military governors and the permanent military establishment of the island composed of Spanish forces, as well as material for war, \$6,108,324; expenses of the naval establishment in the island, \$1,109,299; subsidy paid the Compania Transatlantica de Spain, \$471,896; salaries of the governor general and other officials and officers, \$500,000; making a total reduction of \$20,394,225.

An item of expense for the maintenance of Cuba under the governor general is designated for the maintenance of the "guardia civil" who are employed as a police force in the suburban and rural districts, which amounts to \$2,095,221. Another item under the autonomous government is for the maintenance of the "orden publico," a police force used in cities and towns amounting to \$565,419.

Under the general expenses of the state, an item for the maintenance of the clerical establishment is included, which amounts to \$353,214.

This announcement is based upon the positive statement made by Chairman Dingley of the ways and means committee, who, in an interview yesterday, said:

"The government will need for some time all the revenue produced by the war taxes. During the month of October the war expenditures exceeded the war revenue by some \$14,000,000, and this month they will be \$10,000,000 in excess. This being the case, there will be no changes at least this fiscal year. The war revenue act will continue in force and unchanged, except, perhaps, in a few minor administrative features, for at least a year longer."

"It is hardly necessary to add," continued Mr. Dingley, "that there will be no revision of the tariff, although I have seen some statements to the effect that such a revision is contemplated."

"The session is limited to three months," he said, "and that short period will be mainly occupied in passing the appropriation bill, in enacting new laws for the regular army and in deciding upon the legislation necessary for the government of Hawaii. From the present outlook the session will be well under way before the treaty of peace with Spain will be laid before the senate and the ratification of that document may not be accomplished long before the 4th of March arrives."

"Will that necessitate an extra session?" "It is, of course, impossible," said Mr. Dingley, "to know what will arise between Dec. 1 and March 4 next, but so far as the present outlook can form a basis for judgment, I should say that no extra session will be necessary or desirable unless some new question should arise."

"For my part, I hope that the territory to be added will be no larger than is absolutely necessary. I realize that in some cases it may be easier to hold than it will be to let go, but at the same time I hope that the treaty, when it is presented to the senate, will provide for the acquisition of a minimum amount of territory."

BRONCHITIS

Bronchitis is very prevalent. It generally begins with a common cold, attended with cough, hoarseness, soreness of the lungs, tightness of the chest and difficulty in breathing. If not cured, it becomes dangerous—thousands die from bronchitis annually. Dr. John W. Bull's Cough Syrup is the best remedy for this disease; it relieves the cough at once, cures expectoration, and cures in a few days.

DOCTOR HUIDEKOPPER

Testifies Before the War Investigating Commission at Washington.

PORTO RICAN EXPEDITION

His Orders Regarding Sick Men Disobeyed—Contradicts Colonel Hartsuff—Where He Got His Education. Colonels Detailed Their Worst Men as Nurses in Hospitals.

Washington, Nov. 15.—General Breckinridge, Dr. Huidekoper and Major Knox were before the war investigating commission yesterday. General Breckinridge's testimony dealt with the conditions at Camp Thomas, of which he was for a time in command, and he took occasion to say that but for the change that was made previous to the war, requiring inspectors general in the field to report to the adjutant general instead of the inspector general the condition of the camps now being developed by the commission would have been developed three months ago.

Dr. Huidekoper said that with a few unimportant exceptions the medical supplies for the Porto Rican expedition had been ample. At Newport News he had given orders that the sick men be eliminated from the command, but he found that the order had been evaded and sick men taken aboard. This was especially true of the Third Illinois regiment, whose surgeon, Dr. Huidekoper said had persisted from the start in breaking the law, if not the letter of the law.

He said that when the command started to Porto Rico General Brooke had exercised his prerogative to demand the filling of a requisition which had been refused by the deputy surgeon general.

Responding to a request from Governor Beaver, Dr. Huidekoper detailed the particulars of his education as a physician, giving also his experience in military service. He said he had graduated as a physician from the University of Pennsylvania in 1874 and afterward had studied much in Paris, Berlin and other European capitals, and had had considerable experience in hospitals and in general practice. After returning to this country he went to New York and was engaged largely in the manufacture of medicines, only practicing human medicine for charity.

Replying to another question from Governor Beaver the witness said that Deputy Surgeon General Hartsuff had refused to supply disinfectants for the camp at Chickamauga, saying that to do so was contrary to army regulations.

Colonel Huidekoper told of his difficulties in securing nurses, and the colonel had insisted on supplying the worst men they had in their regiments for members of the hospital corps. One was an epileptic and another a confirmed drunkard. Yet the men who had given him the poorest nurses were generally the first to make complaint of lack of attention.

The witness asserted that the sick in Porto Rico had good attention, contradicting the assertion of Colonel Hartsuff that there had been negligence. He said it was not true that Dr. Hartsuff had taken charge of a hospital, as the latter had stated, because of its management. Dr. Hartsuff had volunteered to take a hospital on an occasion, but the offer had been declined, so that it was all on paper. "In fact," the witness added, "General Brooke would have stopped him if he had attempted to do so."

TEMPERANCE TEMPLE

The W. C. T. U. In National Convention Abandons the Project.

St. Paul, Nov. 15.—The W. C. T. U. national convention held yesterday decided by a vote of 285 to 71 to abandon the Chicago temple project as an affiliated interest. Five hours of animated, vigorous and occasionally bitter and personal debating was necessary before the vote was reached. The opposition to this action declared it was an act of repudiation of a moral obligation and fought every inch of ground, but most of the leaders were against them and carried their point.

LAMP THROWER

Causes a \$500,000 Fire at Dawson City, Alaska.

Victoria, B. C., Nov. 15.—Returning Klondikers, arriving in this city yesterday, bring the news that the city of Dawson has been visited with a \$500,000 fire, in which 40 buildings were burned, including the new postoffice building and some of the best buildings in the city. The fire took place on the morning of Oct. 16. It started in the Green Tree saloon, as the result of a row between two women of the town. Belle Mitchell threw a lighted lamp at another woman. The lamp broke, the oil spread and in a few seconds the building was on fire.

The fire of a year ago was caused by this same woman, who threw a lamp at a man with whom she had a quarrel. A month ago she tried to burn her own place in Third avenue, in Dawson, by throwing a lamp at a woman, and nearly caused a conflagration by again losing her temper and wielding another lighted lamp.

The news of the conflagration was brought out by several of the miners, who arrived in this city. The steamer Ora left Dawson, Oct. 20.

IN TEMPLE'S BEHALF.

Effort Being Made to Secure His Release From a Mexican Jail.

Washington, Nov. 15.—The state department is making strong efforts to secure the release of the American, Temple, who is now in a Mexican jail on a charge of murder committed in the United States, and it has instructed Mr. Powell Clayton, United States minister to Mexico to address himself directly to the Mexican foreign office on that subject. The principle involved in the case is regarded of the highest importance, for if Temple is held for trial by the Mexican authorities it will amount to an admission on the part of the United States of the right of Mexico to exercise extra-territorial jurisdiction over American soil. Substantially the same claim was involved in the celebrated Cutting case, which came near causing a breach of friendly relations.

GENERAL MILES

Stands by His Records as to Cuban Campaign.

New York, Nov. 15.—General Miles was interviewed relative to the publication in a Washington paper of the statement that, either by accident or design, there was omitted from his report any mention of an order which he issued on May 9, contemplating the sending of all the available army to Cuba at once. General Miles said he had not seen the article. It was handed to him. After he had read it he said: "I have no comment to make on the report. If they have any such order of mine in Washington let them publish it. My position in the matter of sending troops to the fever-stricken districts of Cuba is well known, and I am satisfied to stand by my record."

MOTHER! There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step. Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it, so assists nature in the change taking place that the Expectant Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of Motherhood. Its use insures safety to the lives of both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Childbirth natural and easy," as so many have said. VINCENNES

An Interesting City From Almost Every Standpoint.

Vincennes is one of the most interesting cities in the whole of the Mississippi Valley. Interesting because of its past history and because of what it is today. It has grown from a French trading post established in 1702 to a modern, progressive city of 16,000 inhabitants.

Clustering about Vincennes is some of the most important history connected with the settlement and development of the Northwest Territory. It was here that a Jesuit missionary said mass before astonished savages almost two centuries ago. It was here that the French established a military post to hold and protect territory that had been partially explored by LaSalle, Marquette and others. It was at Vincennes that George Rogers Clark gained one of the most signal victories recorded in American history. It was here, too, that General William Henry Harrison met Tecumseh, the renowned Shawnee chief, and discussed terms of peace. So it is that the early history of Vincennes concerns the history of the Northwest Territory.

But the Vincennes of today is one of the real live and progressive cities of Indiana. Her people are hospitable, thrifty and happy and fully abreast of the times. They take a just pride in their city and will unquestionably keep it in the front rank. A visitor to this city "on the banks of the Wabash" observes with interest the many fine and substantial homes, the modern business houses, the beautiful and well paved streets, the well equipped electric street railway, the attractive and commodious public buildings, the magnificent churches, the superior system of water works and the numerous thrifty business and manufacturing industries. All these things speak loudly for the progress of the city and the enterprise of her people.

Vincennes is especially proud of her many manufacturing industries employing at this time about 1,600 people. They were never in a more prosperous condition than now, paying out large sums of money for labor each week and shipping their products to many parts of the world.

The Vincennes Paper Mill is a large and prosperous institution and sends its output of straw board into many states.

The John Ebner Ice Company's plant is one of the largest and best equipped of its kind in the west. It has a capacity of 200 tons of ice a day and is unable to fill all orders in the summer season.

The Inter-State Distilling Company has an immense institution in the northeast part of the city that does a mammoth business. Its annual output is valued at five and a half million dollars. In a single day this institution has paid the government nearly ten thousand dollars for revenue stamp.

Hack & Simon, brewers and bottlers, also do a large business and pay \$25,000 annually for labor. Their product is bottled first class and has a wide sale in Indiana and adjoining states.

The Novelty Works is another large establishment and does a prosperous business twelve months in the year.

The Enterprise Stove Works is another giant industry that manufactures stoves for their trade in a score of different states.

Many other industries of equal importance may be mentioned. The security Spoke Manufacturing Co., the Handle Factory, two or three Carriage factories, the great Iron Sewer Pipe establishment, the Egg Case Co., and a score of other important industries could be named with credit to the city of Vincennes.

The educational advantages of Vincennes are the best. Vincennes University furnishes superior advantages for higher education. There a number of private and parochial schools all of which are well equipped and well taught. The public schools under the management of Supt. A. E. Humke are as good as the best and are the pride of the people. Certainly there is no lack of educational facilities there.

The many fine church edifices are evidence of the religious development of the people. There are more than a

dozen different denominations represented with investments amounting to several hundred thousand dollars.

These things as enumerated above, together with railroad facilities, natural resources, and favorable location make Vincennes one of the most prosperous as well as one of the most favored cities in the state.

Town Names. The Cleveland Leader says that a man registered in a local hotel the other day, giving his place of residence as Sleepy Eye, Minn. Half an hour later another guest registered from Painted Post, Ia.

The clerk paid no special attention to this, but when the next man to register boldly wrote "White Pigeon, Mich.," after his name, both the clerk and the bookkeeper began to get interested.

While they were talking about the queer names that had been given to some of our western towns, a dignified looking man stepped up to the office, whirled the register around, and scrawled "Horseheads, N. Y."

Superlatives. Dr. Johnson says in his "Grammar of the English Tongue": "The comparison of adjectives is very uncertain, and, being much regulated by commonness of utterance, is not easily reduced to rules."

Then he quotes passages from "Paradise Lost," in which these words are found, "virtuousset," "powerfullest," and a passage from "Samson Agonistes" which contains the word "famousset."

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention the Seymour REPUBLICAN and write to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle and book telling all about it, both sent absolutely free by mail.

A Tribute of Respect.

The teacher and pupils of District No. 11 Hamilton township feel it their duty to express their feelings of sadness occasioned by the death of Bertie Hupp, one of the late pupils of this school.

Miss Bertie was in the bud of life scarcely 14 years of age. She died at the home of her father, Wm. Hupp, Nov. 8 1898. She was highly respected by all her schoolmates. Her presence was always attended with pleasure. She lived a life of good deeds, both to herself and her associates. She scorned none but associated with all. She lost her mother about three years ago, and beautiful were her words, when on her bed dying she said to loved ones: "I am going to meet mother," and beautiful are the words placed above the vacant desk in the school room: "Gone to rest." We miss her in the school room and wherever we were accustomed to see her. To her parents we extend our deepest sympathy in this hour of sorrow.

HAVE YOU GOT TROUBLE OF YOUR OWN?

If Not, Listen to Others' Troubles If You Have, See if Your Trouble Is Like Other People's Troubles.

There are some kinds of trouble that are unavoidable. Then again there is trouble that is easily avoided if you know how to do it. Here is a true statement of Mrs. M. Lang-ton of 921 Hanna St., Logansport, Ind., telling of her trouble and how she got entirely over it. She says: "I am well aware every-one has trouble without listening to mine, but I hope by telling mine I shall instruct others how to avoid theirs."

For ten years at least I have had more trouble with my kidneys, and back than can well be expressed on paper. It began with "Kidney Backache." I used little attention to it at first but I see now where I made the mistake. The trouble increased and urinary disturbances followed. The urine was excessive in quantity, highly colored, of a strong odor and contained so much uric acid as to cause a burning sensation. In its passage, then I had sharp shooting pains and swelling of the limbs which became very painful. For the past five or six years several doctors have treated me for my trouble without arresting the progress of the disease. They knew what the trouble was and pronounced it kidney complaint. One doctor said he could do nothing for me and advised me to make my "will." When I arrived at this stage I became anxious to try any and everything. Some time ago I read about and tried Morrow's Kid-ney-oids. The recom-mendations were so high that I procured and used them strictly according to directions. After the first box was used, I grew less nervous, and I rested well at night, which is something I had not experienced for months. I am now on the third box, and the help has been so great that I am glad to continue using them, believing that I have found a genuine cure. With all indications I shall soon be well. I desire all my friends to write to me and learn more about the wonderful remedy, Morrow's Kid-ney-oids.

This statement is convincing enough for the worst skeptic in Seymour. Write to Mrs. Lang-ton and see for yourself. Kid-ney-oids are yellow tablets (not pills) and are sold by all first class druggists and at Alpha Cox's Drug Store at 50 cents a box. Accept no remedy "just as good" for there is none. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

A LAWYER'S CLEVER TRICK THAT SAVED HIS CLIENT.

The Rascal on Trial Was Guilty and Proved So Beyond a Doubt, but the Shrewd Lawyer Found a Way to Win His Case.

When Colorado was organized as a territory, there was little English used outside of Denver and the mining camps. The rest of the thinly scattered country was as Spanish as any part of our latest America. Not Castilians, of course—more likely a general mixture of Aztec and Apache and a lot of other strains of blood, but certainly Spanish in name and in speech. "The government recognized that it had a difficult task before it in bringing these 'greasers' to understand the very beginning of the obligations and the duties of their American citizenship. One of the most trusted agents in this campaign of education was Judge Hallett, who was put in charge of the judicial system of the new territory. From that time to this he has been at the head of the federal judiciary in the great and prosperous state of Colorado. Despite this fierceness of rebuke and countless oddities of temper no judge has ever been so respected as he along the great divide.

When he first went on circuit, the bar left Denver with him and traveled in a body both for sociability and for safety. Then there was no railroad, the only means of reaching any place from any other being along a slightly marked trail barely passable for horses. By slow stages the bench and the bar reached Trinidad under the cold shadows of the Sangre de Cristo range. These Spanish names were an incessant annoyance to Judge Hallett, who declaimed against each one in turn and announced his purpose of memorializing the secretary of the interior to have them all made American. Of a piece with this was his attitude toward the prevailing Spanish speech of the country. He objected to it. Among the first rules of his court was that which provided that all its transactions should be in English, and that if litigants objected to the work of the sworn interpreter that was their own lookout. It might encourage them to learn to talk "American," as they ought.

In Trinidad Colonel Taylor of the bar was retained for the defense in a case where no defense was possible. The place was full of witnesses who had seen the deed done, whatever it may have been, for that is unimportant. The prosecuting attorney put on witnesses after witness to prove the facts. He made a perfect case, and he demanded that full punishment be inflicted. It was a difficult situation for Colonel Taylor. His client was guilty beyond a doubt. Cross examination of the witnesses could only make that fact more distinct, and for that reason he did nothing so foolish. The case was altogether Spanish. Criminal witnesses, audience—there were not six words of English in the whole outfit. The interpreter had been called on for every word which had gone back and forth throughout the trial. Colonel Taylor arose to make his plea. He surveyed the cluster of dark faces which filled the shed in which the court was sitting. "Caballeros," he began—"caballeros del jurado!"

There was a loud whacking of the gavel by Judge Hallett as soon as he caught the sound of the language which he despised so heartily.

"Mr. Taylor, Mr. Taylor," he shouted, "as a member of the bar of this court you must be aware that all its transactions must be conducted in the English language, the language of this country. If I thought that you were using Spanish maliciously, I should punish you soundly for such contempt of this court. You will address this court of the United States in United States and in no other speech, language or dialect."

"I bow to your honor's ruling," continued Colonel Taylor and resumed his plea, but in English and with the assistance of the interpreter. He told the greaser jury how the sight of their proud Castilian lineaments had caused him to forget a rule of the court and to address them in the sonorous speech of Spain, from which their proud forefathers came. He obeyed the judge, but he felt the restraint of having to make his pleading through the assistance of the interpreter. It was a simple matter which he could set right in a few sentences of their own language, but he feared that in English he could not do so well; yet he hoped that they would not see a fellow citizen punished solely for the reason that his advocate was not allowed to address a Spanish jury in their own tongue. Harping on this theme, he avoided any discussion of the evidence which bore so heavily on his client, and in his peroration he paid a glowing tribute to the language of Don Quixote and Queen Isabella. This done, he fled from the spot and was not seen until court had arisen for the day.

When they next met, the prosecuting attorney wanted to know why he had not been on hand to receive congratulations on the acquittal of his client. "They set him free without a stain on his character and without their seat and it was all due to your Spanish. Why didn't you wait? You're the hero of the whole population."

"That's just the trouble," rejoined Colonel Taylor. "I knew they'd acquit that rascal and then they'd fall all over me with their Spanish. I just naturally had to hide. Those three words that Judge Hallett choked me off on, that's all the Spanish I ever knew in my life. I couldn't afford to be congratulated."

SHOT THROUGH THE HEART.

Miss Lorena Waring Ended Her Life Last
Night.

At 9:30 o'clock last night Miss Lorena
Waring put an end to her existence,
while in a demented state of mind by
sending a ball through her heart. The
revolver used was Smith and Wesson
No. 38. While the family was in the
dining room she got on the step ladder
and climbed to the top of the wardrobe
on top of which the revolver was al-
ways kept by Mr. Shepard her step-
father. She placed the weapon to her
bod, and fired, dying instantly. She
was born at New Albany May 5, 1896.
When 10 years old she was attacked
with cancer of the face and although
everything possible was done for her
relief all appliances failed. Her suffer-
ing was severe at all times. Some time
since her mind became seriously im-
paired which no doubt caused her to
commit the rash act. She was the
daughter of Mrs. E. W. Shepard with
whom she has always made her home.
The mother is almost crazed with grief.
The funeral will take place from the
residence at 8 o'clock Thursday morn-
ing and the remains will be taken to
New Albany for burial. The services
here will be conducted by Rev. J. M.
Baxter.

The Matter of a City Building.

For sometime there has been con-
siderable talk among some of our citizens
of erecting a city building here and the
matter last spring went so far that
the council secured prices on a number
of pieces of property. Recently the
stockholders of the opera house dis-
cussed the matter of selling that build-
ing, and several of them have expressed
a willingness to sell the property at
considerably less than the original
cost. As at present constructed the
building would be quite well adapted
for use for city offices, council chamber
and the main hall for the larger public
meetings frequently held. If the citi-
zens of Seymour desire a city building,
it will be well for the council to care-
fully consider the proposition of the
opera house company whether they
deem it advisable to accept or not.

REEFOTON, New Zealand, Nov. 23, '96
I am very pleased to state that since I
took the agency of Chamberlain's medi-
cines the sale has been very large, more
especially of the Cough Remedy. In two
years I have sold more of this particu-
lar remedy than all others makes for the pre-
vious five years. As to its efficacy, I
have been informed by scores of persons
of the good results they have received
from it, and know its value from the use
of it in my own household. It is so
pleasant to take that we have to place the
bottle beyond the reach of the children.

Death of Conrad Akeret.

Death has again laid hands on one of
Seymour's most respected and aged citi-
zens in the person of Conrad Akeret,
who passed away at ten minutes past
10 o'clock Tuesday forenoon, November
15, 1898, with kidney trouble and in-
firmity. He was born in Switzerland
January 22 1812. He came to this
country nearly 70 years ago. He had
been quite feeble for some time and
when stricken down continued to grow
weaker. Everything possible was done
to relieve him but of no avail. He
was a member of the M. E. church
since quite young. A wife, one son,
Solomon Akeret, and one daughter,
Mrs. John Fox of Reiding township,
survive who have the sincerest sym-
pathy of their large circle of relatives
and friends. The funeral will take
place at 11 o'clock Thursday and the
burial will take place at the Akeret
church.

Funeral of Mrs. Thomas Hayes.

All Hayes, of Chicago, son of Mr. and
Mrs. Thomas Hayes, arrived here yes-
terday morning from Orange, New Jer-
sey, bearing a wooden box about twelve
inches square, inside of which was the
urn containing the ashes of his mother,
Mrs. Thomas Hayes, who died Sunday
evening last at the home of her daugh-
ter, Mrs. Jennie Thompson, in Orange,
New Jersey. The body was incinerated
Tuesday at the Long Island ceme-
tery. This was in accordance with
her request before death.

Mr. Hayes repaired to the home of
Fred Donner, with the "remains" where
appropriate funeral services were con-
ducted by Rev. Frank Hood, of the
Presbyterian church, in the presence of
a few old friends, at 11 o'clock fore-
noon, after which the remains were in-
terred at the city cemetery beside her
husband, who died in February 19,
1875.

Mrs. R. A. Woodmansee, of Brown-
town, R. D. Hayes, of Cortland, and
Mrs. Max Dalmert, of Greensburg,
were here to attend the funeral cere-
monies.

Since the death of her husband, Mrs.
Hayes had resided with her daughter,
Mrs. Thompson, first at Madison, then
at Chicago, then at Orange, New Je-
rsey.

Thomas Hayes was a contractor in
the building of the old Madison and
Indianapolis railroad, the first railroad
built in Indiana or west of the Alle-
ghany mountains, coming here from
Pennsylvania to engage in the work.
He settled in this city in the early 40's
then a small village only. He also
conducted a general store in connec-
tion with his railroad work.

He became possessed of considerable
land here, and laid off and platted,
"Hayes Addition," now the heart of
this city, reserving the square upon
which he built the residence now
owned and occupied by Richard
Thomas—Columbus Times.

The Second Baptist church of Sey-
mour will give a dinner on Thankgiv-
ing day at the church on the corner of

An Eloquent Speaker. True eloquence was voiced by Jo Speaker, of Catawba, O., when he says:

"I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve."

Electric Bitters is the greatest blood purifier known. It gently stimulates the stomach, liver, kidneys and bowels, so that poisonous matter can not remain in the system. It cures dyspepsia, malaria, constipation, nervousness, aids digestion, improves appetite, increases strength, gives new life. Prices 50 cents. Sold by Wm. F. Peter, Druggist.

KURTZ. The candidates seem to be scarce here this week.

Judge Applewhite and wife, of Brownstown, were here one day this week looking after their real estate in our town.

Spreads Like Wildfire. You can't keep a good thing down. News of it travels fast. When things are "the best" they become "the best selling."

Abraham Hare a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have ever handled in my 20 years experience. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tone up the stomach, regulates liver, kidney, bowels, purifies the blood, strengthens the nerves, hence cures multitudinous maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Wm. F. Peter, Druggist.

PASSENGER WRECK

The Smoker and Day Coach Ditched—Eight Persons Injured.

GOOD CITY GOVERNMENT

National Convention to Be Held at Indianapolis—The Indiana F. M. B. A. Reported to Be in a Vigorous Condition—Boiler Explodes and the Fireman Blown to Pieces.

Fort Wayne, Nov. 15.—A passenger train on the Findlay, Fort Wayne and Western railroad was wrecked near Grover Hill, O., a small town a few miles east of here, yesterday. The forward trucks on the fast freight car, which the passenger was hauling, broke down, and the smoker, baggage car and day coach followed it into the ditch. Fourteen passengers were badly shaken up and eight of them injured, two (Mr. and Mrs. N. E. Prentiss of Payne, O.) seriously. All trainmen escaped.

NATIONAL CONFERENCE. For Good City Government Soon to Be Held at Indianapolis.

Indianapolis, Nov. 15.—The national conference for good city government will be held in this city Nov. 30 and Dec. 1 and 2. One result, it is expected, will be an agreement on a form of charter, to serve as a pattern for municipal governments. Work on this has been in progress for a year under the direction of the following committee: Horace E. Deming of New York; Charles Richardson of Philadelphia; Albert Shaw and Professor F. J. Goodnow of New York; Clinton Rogers Woodruff and Leo S. Rowe of Philadelphia, and Professor E. J. James of Chicago.

Civic organizations will be encouraged to pursue this campaign of organizing and directing public opinion. The National Municipal league has this work in hand.

ELECTRIC ROAD. Proposition to Connect Evansville With Surrounding Towns.

Evansville, Ind., Nov. 15.—There is some talk here of the prospects of an electric line being built by some Dayton capitalists, if sufficient help can be secured in the way of Evansville capital, to carry the proposed scheme through. The road, if built, will run through Rockport, Tell City and Troy, with Cannelton and Evansville as terminals. The Business Men's association will consider the proposition of the Dayton people, but it is doubtful if sufficient capital can be interested to push the matter through.

THE F. M. B. A. Organization in a Vigorous Condition—Annual Meeting.

Pontiat, Ind., Nov. 15.—Dr. C. A. Robinson, president of the Indiana Assembly, F. M. B. A., left yesterday for Grant county, where the annual meeting will be held. He reports that the organization is vigorous, and that more than 100 lodges will be represented in the present meeting, the sessions of which will be held in the country, the county lodges to entertain the visiting delegates. Dr. Robinson has been president of the F. M. B. A. since Oct. 22, 1891.

BOILER EXPLODES. Blowing the Fireman Into Many Pieces—Two Others Scalded.

Hillham, Ind., Nov. 15.—A boiler exploded in Whittinghill's flour mill here, killing Mr. Whittinghill and badly scalding two others. Whittinghill was acting as fireman, and was blown into many pieces.

Condition of Wheat. Muncie, Ind., Nov. 15.—Delaware county farmers say that never before within their memory has the wheat shown such a green appearance in the middle of November. The stocks in some localities have attained a height of several inches. This condition is attributed to the almost constant rains of the past few weeks. Unless the winter snows are heavy and plentiful, there is a probability of a poor wheat crop next year.

Glassmen Working at Alexandria. Alexandria, Ind., Nov. 15.—After five months' idleness, work was resumed at the United DePauw and Alexandria window glass factories yesterday. Telegrams for the wage committee to that effect were received yesterday morning. One thousand men will be given employment. That is one month later than the scheduled time to start, owing to differences between the men in regard to wages. There is general rejoicing.

Government Will Pay the Expense. Crown Point, Ind., Nov. 15.—The government has granted William Ross of this city transportation to Santiago, to secure the remains of his son, Charles Ross, of Troop I, First United States Cavalry, who died of yellow fever on August 18.

Discharges Must Be Sent Back. Colfax, Ind., Nov. 15.—All the members of Company C, One Hundred and Fifty-eighth Indiana, will have to send their discharges back to Indianapolis, in order that they may be countersigned by the mustering-out officer.

Factory Burned. Goshen, Ind., Nov. 15.—The factory of the I X L Manufacturing company has been destroyed by fire. The loss is \$5,000; covered by insurance.

Dropped Dead. Lynn, Ind., Nov. 15.—William Benbo, a farmer, dropped dead of heart disease at his home near here.

Lung Irritation. Is the forerunner to consumption. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. Twenty-five cents at all good drug stores.

THE AMERICAN MONTHLY REVIEW

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

13 ASTOR PLACE, NEW YORK

What do the children drink? Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more GRAIN-O you give the children the more health you distribute through the systems. GRAIN-O is made of pure grain and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 15c and 25c.

The Best Plaster. A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to a plaster. When troubled with a pain in the chest or side, or a lame back, give a trial. You are certain to be more than pleased with the prompt relief which affords. Pain Balm is also a certain cure for rheumatism. For sale by C. W. Milhouse.

Have You a Son, Brother? Husband or Lover in the Army Navy? Mail him today a 25c. pack of Allen's Foot-Ease, a powder for sore feet. All who march, walk or stand need it. It cures aching, tired, swollen, sweating feet, and makes tight or new shoes. Feet can't Blister Sore or Callous when Allen's Foot-Ease is used. 10,000 testimonials, druggist and shoe stores sell, 25c. Sent Free. Address: Allen S. Olmsted, Le Roy, N. Y.

You are making a great mistake not sending for a 10 cent trial size Ely's Cream Balm. It is a specific for catarrh and cold in the head, mail it, or the 50 cents size. Drug mail keep it. Ely Brothers, 56 West Street New York.

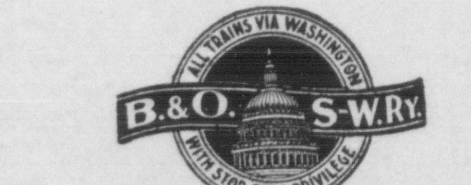

Catarrh caused difficulty in speaking and a great amount of heat. By the use of Ely's Cream Balm, the voice has been greatly improved. W. Davison, Att'y at Law, Mount Vernon, Ill.

Sure Sign of Croup. Hoarseness in a child that is subjective is a sure indication of the onset of the disease. If Chamberlain's Cough Remedy is given as soon as the child comes hoarse, or even after the cough has appeared, it will prevent attack. A mother who has a child always keep this remedy handy and find that it saves them trouble and worry. It can always be depended upon and is pleasant to take. For sale by C. W. Milhouse.

One and One-Third Thanksgiving Via B. & O. S. W. R'y. One and one-third fare for the round trip within a radius of 150 miles from selling tickets will be sold on November 15th and 16th. For details apply to nearest B. & O. S. W. R'y. agent.

Excursions to Indianapolis via Pennsylvania Lines. Nov. 15 and 16th low rate non-transferable excursion tickets will be sold to Indianapolis for Grand Excursion, I. O. O. F., Grand Lodge Session, return coupons valid Friday Nov. 18th.

It has been fully demonstrated that Cream Balm is specific for Nasal Catarrh and cold in the head. This distinction has been achieved only as the result of continued successful use. A morbid condition of the membrane in the nasal passages can be cured by the purifying and healing treatment. Sold by druggists or it will be mailed for 50 cents by Ely Brothers, 56 Warren Street, New York. It spreads over the membrane; is absorbed and relief is immediate.
